Regarding Part I's program, it will constitute a variety of courses, workshops and hands-on sessions (8 to 1 hands-on sessions).

We have been working on providing a balanced program for Part I & Part II, including state-of-the-art in medical and aesthetic dermatology.

The program with its enormous number of symposia, workshops & hands-on sessions – many of them running in parallel – is meant to satisfy the taste of everyone during every single moment of the conference. The courses are designed for different levels of experience and are meant to provide the basic, as well as the latest advances in every sub-specialty in dermatology.
